

**NATIONAL SEMINAR  
ON  
'INDIAN EDUCATION SYSTEM: INTELLECTUAL MUSINGS'**

Department of Political Science organised one day national seminar on 'Indian Education System: Intellectual Musings' in association with all social science departments and IQAC of KGC and Warangal based Society for Change In Education (SCIE) on 4th November, 2022. The faculty and students participated. The seminar was live streamed via Facebook. More than two hundred registered for the seminar through Google sheet and downloaded e-participation certificate following the submission of their feedback.

Objectives of the seminar:

1. To know the important changes proposed in NEP - 2020
2. To know and understand the trends in Indian Education system
3. To explore various pedagogical changes
4. To make online education as an effective tool of imparting education
5. To know various challenges in higher education and the way forward to overcome them.

The one day seminar was organized with four talks, two in the morning session and two in the afternoon session.

The speakers:

prof. Anil Sadgopal, Former Dean, Delhi University

Prof. HaraGopal, HCU

Asst. Prof. Adama Srinivas Reddy

Asst. Prof. B. Satyanarayana

Prof. G. HaraGopal spoke on recent trends and Challenges in the Indian higher education system as part of larger global trends and the need for reorienting the Indian education system to suit the needs and aspirations of the poor, instead of general market based needs.

Prof. Anil Sadgopal spoke on pedagogical trends at undergraduate level in foreign universities in general and in India in particular. He spoke at length as to how instruction based teaching narrows down the larger goals and purposes of learning and research urges of the students. He narrated his experiences at Indian and foreign universities and how they shaped his personality as an educationist, activist, scientist and social experimentalist.

Asst. Prof. Adama Srinivas Reddy spoke on various positive and negative trends in higher education and the need for strengthening positive trends by fighting against negative trends. He stressed the need for active involvement of teachers as primary. Stakeholders to bring about necessary changes in the Indian higher education system.

Asst. Professor Bairu Satyanarayana spoke on limitations of online education and the ways and means for overcoming them and making it as an effective tool of imparting education.

OUTCOME:

1. Various trends and Challenges in Indian education system were explored
2. Students and teachers were enlightened on various pedagogical changes
3. Explored on ways and means of making online an effective tool of higher education.
4. Explored various changes proposed in NEP - 2020 and their consequences.
