Outreach Programmes Conducted 2022-2023

Department of Biotechnology

Kakatiya Government College, Hanamkonda

Department of Biotechnology (2022-23)

Visit to oldage Home

In today's society, we tend to largely ignore a big part of the population - the senior citizens. Old age homes are predominantly for those senior citizens that cannot live with their children for some reason or are better off living there. The Department of Biotechnology, along with students visited sharudaya old age home and donated food to the elderly.

All students got the opportunity to have a face to face talk with the residents of the home who hailed from different parts of Hanamkonda District and were from diverse backgrounds. Interacting with them made the students know about their past, the hardships they were enduring in life and their experiences. The students were sensitized towards the needs of the elderly.

This programme was arranged by Department of Biotechnology to make the students know the needs of the elderly and make them aware of their social responsibility towards society.
