IV. Certification Management System (CMS)

Certification Management system is a system of generating Certificates like Bonafide, Transfer Certificate and other certificates. Certification Management System is generally a computer-based method for generating Certificates in conjunction with information technology resources.

V. Academic Audit System (AAS)

Academic Audit System is a system for auditing all the records of Government Degree Colleges. “Academic Audit” is a mechanism devised for monitoring academic activities of the colleges through a process of verification of records so as to assess the conduct of academic activities at colleges.

The Academic Audit shall be conducted at the College in two dimensions. One is institutional audit where the performance of the institution as a whole is measured. The second is Faculty audit meant for checking whether the faculty is performing as per the prescribed norms or not.

Further, conduct of academic audit shall also result in activating Internal Quality Assurance Cell (IQAC) of the College and updating of the necessary records, which are mandatory for NAAC assessment and accreditation as the maintenance of records of all academic activities are monitored during the Academic audit.
