Plan of the institution for the Next Academic year:

Major focus for the next years is on intake of the students and strengthening the science sections of the institutions by undertaking mass companying across the surrounding areas of the college. Further, The College is planning to strengthen the infrastructural facilities during the next academic year. Improvement and enhancement of Library books continue to be the most important objectives of the college during the next academic year. Efforts have been made to improve the research culture among the staff and students. More number of staff is encouraged to apply for MRPs and undertake various research activities. It is also proposed to organize more number of extension activities during the next academic years to inculcate the social awareness among the students of the college.
