7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Government Degree College, Peddapalli is well known amongst the best teaching institutions in the field of Arts, Sciences and Commerce and has made a mark in North Telangana region with its high quality UG education. The existence of a high quality faculty, vibrant academic and research orientation flexible and conducive governance system are the key strengths of this institution. But the number of faculty to cater the needs of students is insufficient. Ambience atmosphere in a building of vast area of 4.17 acres of land with full greenery is an ideal place for teaching and learning process. Apart from this classrooms, laboratories, auditorium add to its acceleration. But the number of class rooms to cater to the needs of UG and PG students is insufficient. Hence a separate PG block is a must. Many activities related to academic, cultural, literary, sports etc are carried for the benefit of students. To provide greater access to all those who deserve and desire higher education in general and to rural marginalised sections of society in particular to enable the students to receive available knowledge of higher students to enhance their human resource capabilities.
