CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

In the beginning of the academic year, the institution prepares academic calendar/ institutional plan which is uploaded in the college website. The academic calendar is prepared in tune with the Almanac received from the Affiliating University, ie., Palamoor University. The almanac is also displayed in the notice board for the benefit of students .The institution devises an academic calendar of its own in consonance with the almanac of the affiliating university and the calendar issued by the Commissionarate of Collegiate Education (CCE), Telangana State. The faculty of the institution prepare their respective departmental plans and individual academic plans to achieve the desired goals and objectives. The courses concentrate on experiential learning through Field Work, Seminars and Student Study Projects. Academic flexibility is provided by way of offering options to choose electives in most of the core papers. The teaching learning process is augmented with various other courses as Communication Skills and Basic Computer Skills as well as Courses related to Commerce and Accountancy, under the auspices of Telangana Skill and Knowledge Centre and the English Language Lab. All the documents related to all the exams - both internal and term-end - are maintained by the departments concerned as well as by the Examination Branch. The results are analysed to find out slowlearners so that they can be provided with remedial teachingThe faculty members too, briefly explain the no. of teaching hours, internal examinations schedule, Skill enhancement courses, electives etc. to students, The teachers/ faculty members prepare their teaching plan ahead, i.e., division of syllabus per month. per week etc., with distribution of no. of hours. Curricular & Cocurricular activities are also planned. Orientation programme is organised for freshers every year, to make them aware about , semester system, curriculum delivery, co curricular activities, extra curricular, schedule of internal examinations etc., The students are encouraged for student centric activities like student seminars, student projects, improving reading activities through library, quiz competitions etc apart from regular classes. Timetable is framed & strictly followed as per the credit points mentioned in the syllabus of each course offered by the college and prescribed by affiliating university. Apart from traditional /conventional teaching methods, ICT teaching is also often used by teachers as an additional input to the curriculum and effective teaching. The students (Advance learners) are also encouraged to collect / read literature concerned to the topics from the reference books of library. Field visit/ educational visit to important places are also organised by departments for effective implementation of curriculum. These kind of activities or visits refresh the young minds from their routine schedule and make them acquainted with practical knowledge. The affiliating university has also introduced Skill enhancement courses (2 credits) for each semester which are additional papers along with core and electives. Environmental studies and Gender sensitization are mandatory for all 1st and 2nd semester students. 3rd semester onward to 6th semester elective skill enhancement papers for each programme are compulsory for the students. for the over all development of the institution .

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	No
Alumni	No
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

At the end of each academic year feedback is obtained from the students by administering a questionnaire. The questionnaire is administered by the members of faculty of the department other than the one to which the students belong to. The students are not required to disclose their identity anywhere in the questionnaire thus administered. This way the students are free to express their feelings freely without any inhibition. Students feedback is mandatory. A feedback consisting of 20 items to check the performance of the teachers by the students with 5 scale of ranking is supplied to each student of a group. The student gives ranks to each teacher selecting numbers 1,2,3,4, and 5 to all the teachers in a single sheet with details like 1 as Poor, 2 as Average, 3 as Good, 4 as Very Good and 5 as Excellent CRITERIA. The total points for 20 items are added and later the total has to be divided by 20 as there are 20 items. The remaining number will signify the rank or grade of the teacher. The student while filling the columns give rank to all the teachers of the group at a time in a single sheet there by saving of time. These forms are analysed by the IQAC committee as explained above and the report is later reviewed and revealed to the concerned faculty member by the head of the institution for any improvements. The institution strive for the overall development of students hailing from rural background. The feedback of the students are taken in a positive way and improvements at any stage are encouraged. The institution strictly relies on the theme of Teacher Learner relationship. A Teacher is simply a Teacher irrespective of gender, creed or any other aspect, in true sense a Teacher has to provide knowledge, life skills, career development and inculcate values to the students. The same lies with the Learner too. A learner is a learner irrespective of their gender, social background etc., but also extra care is taken while sensitizing the students with regard to gender issues. The head of the institution, in presence of concerned teachers receive feedback from the parents and also explain their wards academic performance, difficulties, behaviour etc., whenever their (parents) presence in the college. Oral feedback is taken from the students by principal about their classes, while they leave the college daily. The head of the institution remembers each student by their name, village name, parents details etc., This helps in categorizing the students as Advance/Slow/First Generation Learners, there by the institution will support them academically like extra care while teaching for slow learners inculcating interest towards studies, providing reading material, clearing their doubts in simpler terms etc., Financial support to students through payment of fees, buying books etc., Faculty members also take Oral feedback from the students regarding academic activities. Personal attention/ care taker system is also encouraged there by the personal problems of the students are also taken into criteria and any suggestions and solutions are given. Parent Teacher meet also helps in the development of the institution.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The college has devised a mechanism for providing academic, personal and psychosocial support and guidance services for the benefit of the students. In order to provide professional counselling, mentoring and academic advice, the institution adopted the MentorMentee System. As part of the system, the students are allotted to a teacher who will personally guide the students and maintain proper register of the counselling provided to the students. The MentorMentee System that is being in practice in the institution has the following characteristics

Mentoring System 2016 17 A student mentoring system is an important tool of the college to monitor the progress of the students and to help them cope with the studies, regularly. During the Academic year 2016 17, once the admission process of the First Year students was over the Principal of the college and the Academic Coordinator have arranged mentorships to the Faculty Members by allotting the students of different Groups and Semesters in August. The college has a total strength of 558 students for the academic year. About 40 Faculty Members teaching Science, Commerce, and Arts streams have been allotted about 15 to 20 students from the

respective groups. The role of each mentor is to adopt the students totally for the year and help them academically and emotionally by connecting to them personally. The allotment of students to teachers for mentorship for 2016 17 is as under: B.Sc students I yr..... STUDENT Mentors....1 English, 2 Chemistry, 1 Physics II yr..... students Mentors.....1 Math, 1 Zoology,1 Physics III yr.....students Mentors.....1 Botany, 1Math 1 Chemistry B.Com students I yr.....students Mentors....1 Commerce, 1 English, 1 Telugu II yr.....students Mentors.....1 Commerce, 1 Telugu III yr.....students Mentors.....1 Commerce, 1 Computer Science B.A. students I yr.....students Mentors....1 Pol. Science, 1 History 1 Librarian II yr.....students Mentors.....1 English 1 Physical Director III yr.....students Mentors.....1 Pub. Ad. 1Economics The responsibilities of Mentors: Each mentor keeps the profile of every student allotted to him/ her in a Register, meets them frequently either individually or in groups. By analyzing the socioeconomic background of the students, the Mentor tries to understand the pace of learning, difficulties in understanding the topics and gives suggestions as to how to overcome them. Apart from this, the mentors take care of the attendance of the students to the classes, their punctuality, and the preparation for Internal and Semester Exams. The Mentors would also enquire about the dropouts and the students who discontinue the classes for a longer time and give all assistance to make them fall in line with other students and get into the groove. The mentors would also facilitate a meeting between the students and the other Faculty Members about the clarification of doubts if they shy away from them. The Mentors would also keep track of the results of the students, advises them in the case of any backlogs. Likewise, the overall attitude and performance of the students are closely monitored in a friendly manner. This kind of mentorship largely helped in the smooth running of the INSTITUTION.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

During the academic year 201617, the college has a strength of 558 students enrolled into different programs. During the current Academic Year, the college is entering into a new system of Teaching Learning and Evaluation wherein the year wise syllabi are completed in two semesters in the CBCS mode i.e. Choice Based Credit System. This system is introduced throughout the state under all the Universities. As a part of the system, the students need to write two Internal Assessment Exams and apart from the Semesterend Exams. The College has been taking a keen interest in improving the academic standards of the students by strengthening the Internal Examination System as apart of the pedagogic strategy. To this end, the College has taken certain measures to improve the Internal Examination System. The institution has decided to conduct at least one slip test fortnightly by every Faculty member on the ongoing topic and evaluate them and let the students know of their shortcomings. It is also decided to give assignments to students as apart of the Internal Assessment system to make them understand the concepts better. Also, it is the part of the University Examination System to conduct two Internal Assessment tests per Semester for 20 percentage of marks of the Semester exams. The institution has also made it compulsory to give individual projects to students by every Department to enhance their subject knowledge and the application of the concepts in real life situations. The whole exercise helped the students in their writing practices, presentation skills, and analytical skills, etc. It is also observed that their academic standards, the way of approaching the exams, the confidence levels and the ease of preparation for the final exams. The College Examination Branch deals with all types of examinations and evaluation both internal and external. The college strictly adheres to the evaluation schedules prescribed by the affiliating university in its almanac. The Evaluation includes both internal assessment, semesterend examination. The evaluation of the answer scripts is carried out by the university. The college is proactive in redressing the grievances of the students, if any, related to examinations. Internal Assessment Test consists of 20 marks (15 marks for written tests and 5 marks for Assignment) and is conducted twice in each subject, in every semester. And the remaining 80 marks are for semesterend written examinations.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Academic calendar is prepared at the beginning of the academic year as per the almanac received from the affiliating university i.e., Palamoor university, The Academic calendar is uploaded on the college website along with almanacs of all semesters. The almanacs are displayed on the notice board for the benefit of students. The institution strictly follows the almanac schedule regarding commencement of classes of all semesters, conduct of 2 internal examinations, practical examinations schedule, etc., The institution also strictly follows the instructions received from Commissioner of collegiate education, Telangana, and also affiliating university Palamoor university, regarding In the beginning of every academic year, the Commissionerate of Collegiate Education (CCE) issues Academic and Activities Calendar specifying timeline for both academic and other cocurricular and extracurricular activities scheduled for the year. In addition, the affiliating university, issues an almanac with the details of various types of assessment, such as Internal Assessment Tests and Practical Examinations. The university almanac also specifies dates of semesterend examinations. The institution prepares an Academic Calendar in consonance with the Almanac of the university and the Academic and Activities Calendar of the CCE strictly adhering to the examination schedule specified. The departments and teachers plan their teaching and other related academic activities according to the college Academic Calendar so as to organise the Internal and

practical examinations as specified by the affiliating university. Similarly, the students also prepare for the examinations by keeping the calendar in mind. Considering the importance of the Academic Calendar in the academic progress of the students, the Principal places the Calendar on the College website.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The top leadership of the institution strongly believes in the principle of decentralization and participatory democracy in its function. In consonance with the principle, the college follows many practices to implement the leadership nurturing methods. Here are the two most widely used practices of decentralization and participatory democracy in management affairs of the institution. 1. Constitution of various Committees with Faculty Members and Students: In the beginning of the academic year, various committees related to academic, administrative and managerial affairs are constituted. The Principal of the college acts as the Chairman of all the committees. However the actual work of these committees is done by the Coordinator / Convenor of the Committee, who is usually a senior member of faculty. Almost all the members of the teaching and nonteaching staff are provided representation on one committee or the other. It is ensured that representatives from students are nominated in each and every committee. The Staff Council which is the most important committee in formation of policies and their implementation at the college level consists of all the senior members of the teaching staff. The Staff Council meetings are held periodically under the Chairmanship of the Principal. Usually a senior member of the faculty is nominated as the Academic Coordinator to deal with academic activities and examination related work as per the almanac of the affiliating university. Another senior member of faculty acts as the Coordinator of the Internal Quality Assurance Cell (IQAC) to look after the quality enhancing and sustenance initiatives in the college. The Principal convenes meetings with the incharges of the departments to discuss and arrive at certain decisions with a view to improve teaching learning processes and to keep pace with the latest developments in the field. Similarly, the Convener of the Infrastructure Committee looks over infrastructure, the Convener, Sports Committee deals with sports and games, the Convener, Cultural Committee deals with cultural activities. Similarly, UGC committee, Women Empowerment Cell, etc., act with autonomy in their operation of activities and develop leadership. The incharges of various departments play a crucial role in formation and implementation of the College Action Plan. Some senior members of the faculty are on the College Planning and Development Committee (CPDC) which is in the forefront in the development of the college. 2. Delegation of Powers to Vice Principal: The most senior member among the teaching staff is nominated as Vice Principal who looks after the college affairs in the absence of the Principal. Sometimes, the responsibility of issue of student bus passes, study certificates, etc. to the students is entrusted with the Vice Principal. The Vice Principal also represents the college at various forums on behalf of the Principal in the latter's absence or unavailability and also takes some situational decision with due permission of the Principal. The college works in the spirit of common and collective leadership and has put in place appropriate mechanism of decentralization and participative management to develop institutional leadership by nurturing the staff members as leaders.

Every classroom and office rooms carry a display in the form of appeal and suggestions to utilize electricity effectively and to save conservatively by switching off the fan and light switches when not in use. 2)Water harvesting: A proposal is under active consideration to reprocess the wastage into manure for the plants in the campus and for water harvesting the rain water.3) Plantation: Sufficient plants are grown in the campus. We conduct Haritha Haram program in the college in every rainy season. We take care of all the plants4) Hazardous waste management: Hazardous waste from the science laboratories namely, Botany, Zoology, and Chemistry and Computer Science is destroyed as per the guidelines of the state government. 5)Ewaste management : We submit the ewaste found in the college to Commissionerate of collegiate education, Hyderabad, CCE Hyderabad calls for tenders to dispose this ewaste collected from all the Government Degree colleges across the state of Telangana. Any other activity: Student volunteers of our NSS Units conduct Clean and Green Programme. Value added courses like Environmental Studies and Renewable Energy Sources are offered to the students.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice -I Title of the Practice: Mentorship Scheme 2.Goal To plan Personal and career goals of students. To improve presentation skills/written skills and oral communication skills. To improve general aptitude test/technical quiz proficiency. To develop leadership qualities. To know resume writing and preparations for mock interview. To monitor overall progress of students during his/her graduation. 3.TheContext: Along with the adaptation of good teaching learning process, which enhances the technical knowledge of students, Institute has designed innovative methods for the overall personality development of the students. Through Mentorship scheme- institute has developed systematic road map for improving the different aspects of personality developments, Communication Skill, Presentation Skill, Team Work, leadership qualities, resume writing, etc. and make them ready to face the challenges in industry. The students lagging in any of the above mentioned skills are eager to participate in the different activities planned under the Mentorship Scheme to develop themselves. The objective of Institute to implement mentorship scheme is to provide training and guidance to undergraduate students in all disciplines, increase the participation of all undergraduate students in the different activities conducted by the Institute, which will be useful to them in their life after graduation. Faculty who serve as mentors make a valuable contribution to the education and training of undergraduate students interested in hands-on experience in different activities. Students judge the experiences primarily by their interaction with their mentors. Thus, the role of faculty member in scheme is crucial to the program's success. 4.Practice: In the mentorship scheme a Teacher (mentor) is allocated with group of approximately twenty students (mentees). Around five students from each year. Mentor meeting is conducted once in an alternate week. Various activities like career goal setting, presentation skill, communication skill, resume writing, aptitude test

etc. are conducted in the meetings. Along with these activities, mentor has to keep the academic record of the mentees allotted to him in terms of their monthly attendance, academic results, co-curricular participation within and outside campus etc. and inform the same to the parents.

5. Evidence of success: The evidence of success of mentorship system is reflected through the overall personality development of students. Those students who had lack of confidence, weak in communication, poor presentation skills, were observed having marginal improvement in the lacked areas when they came to final year. Parents were happy to have a system where, the overall progress of their ward is monitored and informed to them timely right from the first year till the candidate completes his/her engineering. There is a marginal increment in the number of students participating in various events held within and outside the college, since the implementation of Mentorship Scheme.

6. Problem Encountered and Resources required: The institute being situated in rural area the students are not that much exposed to the current enhancements. To overcome this mentors play an important role by making them aware of the same. To mould the student's mentality towards improvement in their personality without hampering academics was a difficult task.

Best Practice-II Title of the Practice:- Students Associations of Department and College.

2. Goal To develop personality, communication skill, awareness about different types of entrance exams and interview, and to develop skill to qualify various competitive exams. To develop awareness about sports and physical fitness. To conduct useful courses and technical seminars workshops as per the current industry need. To organize various activities like programming contest, technical quiz, debate competition, personality contest etc. that will not only enhance the technical abilities and knowledge among the students, but also builds the overall personality skills of the students. To organize events like project competition, paper presentations etc. To develop awareness about participation in different events held at state, national and International level.

3. The Context: It is platform for students to participate actively in the activities conducted by students associations. Each department of college has its own students association and college also has its own students association called as students Council?. These associations are working on methods of for the students, by the students and from the students? means these associations are made by students for students development. In the association students may work as volunteer on post such as Chairman/president, Vice President, Joint Secretary, treasurer, Ladies representatives and Executive members. They are selected from students by inviting applications from interested students.

4. The Practice: After formation of association the activities are planned for a semester. While making plan different suggestions from student and faculty members are considered in a meeting. For every activity a team is formed including a faculty and students. The team is responsible for conducting the activity. Students associations are planning for at least 18 activities each year and such activities are sports, technical activities and non technical activities.

5. Evidence of success: The Students who are participating in activities are appreciated with certification and prize. Attendance of participating students is maintained with the signature of event in charge. Notices has been circulated through college about conduction of activities so that students can take active part inactivates. Students involvement: Students are actively participating in different activities, it makes a positive improvement in students like personality development, communication skills, management skills, programming skills etc. Teamwork: As students and faculty work together, it builds team spirit among students. It also helps for faculty since students are having innovative ideas. Bonding is formed among students and faculty. It helps in many perspectives for students.

6. Problems Encountered and Resources required: Students are hesitating to take part in activities because of lack of confidence and daring. Feeling burden of academics to participate in activities. To motivate students for participation is challenge

Best Practice- III 1.Goals:Student Study Projects To promote academic-industry interaction and foster collaboration. To expose students to state of arttechnologies. To encourage students to become Entrepreneurs. To encourage students to opt Research and Development as career. To encourage students to the area of Intellectual Property Rights. To provide mentoring to engineering students from professionals. To enhance teaching learning process The Practice This event has a successful history of 4 years It is open for students of all disciplines. It is a platform that allows interaction between industry professionals and students as well as offers the corporate sector a chance to assess the potential of students. It is an event showcasing the efforts and expertise in creating innovative solutions to real-world problems by students from all over. The students exhibit their working models along with posters and presentations. Industry experts are invited as judges. They use structured evaluation methodology to avoid any bias in their judgment. Electronic and print media gives a wide coverage to this event. Funding is generated through the sponsorship given by the industries Evidence of Success Over the period of time there is a significant improvement in the quality of projects exhibited in the event. Due to interaction of industry professionals, small and medium scale entrepreneurs with the participants and students involved in organizing committee, training and placement activity is accelerated and resulted in the improved placement. Some participants have gone for the IPR with their projects and are in the process of getting patents for the innovative project ideas.

Some participants have developed their own products and started private enterprise. Enhancement in the application knowledge of students. Since all the projects presented in the seminars are of very high quality, identifying the best projects seems to be a challenging task for the judges, as per their feedback. Best Practice- IV 1.Title of the Practice : Alumni Association Goals: To provide alumni with the opportunity for social and professional networking and career development. To promote a spirit of volunteering and co-operation amongst MALD alumni in supporting the development objectives of Institution. To provide support to the training the students. Acting as ambassadors for the MALD in promoting learning and helping with student recruitment The Context The Alumni Association of MALD is registered with the Registrar of Society. The Alumni Association cell is in coordination with Training and Placement cell organizes alumni meet every year to review the activities of the current year and plan the activities for the forthcoming year. MALD Face book page, departments WhatsApp group, Google-groups account, group email ID etc are available to connect with the Alumni and conduct the face to face Alumni interaction. 4.ThePractice Alumni meets Every Year and discuss the development projects. Evidence of success: During the Alumni meeting, Alumni's and respective HOD's are interact with each other and give them information regarding currents industrial market and practices trends in which they work. Thus suitable improvements with respect to the infrastructure facilities and academic can be made in the institute. Senior Alumni's also interacted with the final year students and guiding them in preparing group discussion (GD) and interviews in core and multinational companies. Alumni are also guiding to the final year students regarding his projects. Alumni also help to the students/department to identify the industries for the students in plant training. Alumni take part into arrange the industrial visit to the students where they are worked.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and

7.3 Institutional Distinctiveness Building a foundation for scientific literacy in the next generation... Our Colleges ' Science Outreach program ' creates partnerships between our College and local public schools to provide public school students with engaging, hands on, inquiry based science experiences, every year Our program relies on the transformative power of service learning to engage our students with students and teachers of nearby schools. Along the way, public school students gain exposure to rigorous and confidence to dive into STEAM (science, technology, engineering, art, math) fields headfirst.

Likewise, our college students represent the College by sharing time and resources with the other nearby private schools as well as they gain experience as teacher leaders through a significant amount of inclassroom teaching time. Our Science Outreach strives to:

- Establish longtime partnerships with schools in order to provide access to high quality science education and materials that would otherwise be unavailable to students. We also intend for our Students to act as role models to encourage students to embrace a life of learning.
- To engage students with interactive, inquiry based science education to help students develop an early interest and understanding of the sciences.
- To provide our students with a positive service learning opportunity with the chance to gain critical skills through significant, inclassroom teaching experience and community outreach.
