

GOVERNMENT DEGREE COLLEGE, PATANCHERU, DIST - SANGAREDDY.

Government Degree College, Patancheru is located in Patancheru falling in the Greater Hyderabad Municipal Corporation (GHMC), Hyderabad,. The college has an area of 0.25acres (2529.25 Sq meters) of land and wherein the college building is constructed in an area of 08.00 guntas (2834Sq meters) located in the Sy No. 581 of Patancheru. The total land in Sy.No.581 admeasuring 6.27 acres situated at Patancheru is classified as Government land in which Govt., Degree College, Mini Stadium, Govt., Junior College and Government High School are located.

The college building is spacious with G plus three floors with adequate infrastructure facilities including classrooms, laboratories, Library, computer labs. The college building, which was constructed at the cost of Rs.4.25Cr, is provided by the Aurobindo Pharma Ltd under Corporate Social Responsibility (CSR). The college was shifted to the present premises in the year 2016-17 until then it was accommodated in a school building since its establishment in the year 2008.

The Government Junior College and Government High School are other educational institutions located n the present premises and hence it is like Educational Hub. There is a play ground now being developed into a Mini Sports Stadium by the GHMC. All the three educational institutions have access to the play ground and make use of the infrastructure in an optimal manner.

The college intends to provide requisite infrastructure facilities for effective conduct of academic activities. Therefore, augmentation of infrastructure by adding new facilities, maintenance of existing infrastructure and optimal utilization of the infrastructure are the main objectives of the infrastructure policy. The college has set up institutional-level mechanisms and laid down processes for achieving the objectives.

A committee is constituted with faculty headed by the Principal to look after the issues relating to infrastructure. The committee looks after allotment of classrooms to different departments based on student strength and other requirement so as to ensure optimum utilization.

As of now, the building has adequate space for sufficient number of classrooms, library, laboratories and needs as given below.
