PALEM:: NAGARKURNOOL DIST.509215

BEST PRACTICES OF 2016-17 AY

1. Tree Plantation : Nearly 400 plants were planted during the year of 2016-17 Academic Year. Students were adopted plants and they took oath to protect their trees.

What is Tree Plantation :

Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment. ... The trained volunteers then plant saplings, **trees** in groups in available land.

Student Participation in Planation:

Students serve as the primary planters which allows them to take ownership of the project and responsibility for the trees. The students also participate in pre-planting activities that connects them to the benefits of trees.

Benefits of Tree Planation :

Trees give off oxygen that we need to breathe. **Trees** reduce the amount of storm water runoff, which reduces erosion and pollution in our waterways and may reduce the effects of flooding. Many species of wildlife depend on **trees** for habitat. **Trees** provide food, protection, and homes for many birds and mammals.

2.Awareness rally was conducted on open defecation : A rally was conducted on open defecation in the part Clean India Mission to bring awareness among rural people. Students were explained how humans health effecting due to open defecation to the PALEM VILLAGE people .
