History of The Department Economics :

Department of Economics is one of the first teaching department that were established with the inception of the college in 2008 then affiliated to Osmania University, now Mahatma Gandhi University. From the beginning, the Department attracted good number of students.

Vision of The Economics Department

The department envisions achieving high standards of academic performance to provide quality education to students, equip students with knowledge and skills in their chosen stream and to provide opportunities for students to realize their full potential and thus shape them into future leaders to address the emerging global challenges and to deal with economic, social and business realities.

Mission of The Economics Department

The mission of the Department of Economics consists of two interconnected components: imparting the highest quality instruction to our undergraduate and graduate students and to train students in the methods and ideas of modern theoretical and applied economics.

Objectives

- Students will use economic models in domestic and global contexts to analyze individual decision making, how prices and quantities are determined in product and factor markets, and macroeconomic outcomes
- Students will analyze the performance and functioning of government, markets and institutions in the context of social and economic problems.
- Students will think critically about economic models, evaluating their assumptions and implications.
- Students will use data to describe the relationships among variables in order to analyze economic issues.
- Students will communicate economic thought and analysis in both written and oral contexts to varied audiences.

- Evaluation : Through continuous internal and external assessment, New innovative features added : Weekly Class Assignments, , Remedial Exams.

SWOT ANALYSIS

STRENGTHS

1. Department of economics has qualified and well experienced teaching staff
2. Sound infrastructure and Good educational environment

Weakness

1. Less student strength
2. Low attendance because of students poor family background
3. lack of funds

Opportunities :

1. High number of intermediate students in the town
2. College is near to national highway

Threats :

1. High threat from colleges in nearby towns Bhonigr and Janagam
2. Competition from local private colleges
