Mentor Mentee System	The IQAC introduced Mentor Mentee Mapping, which put students into small, manageable units, supervised and mentored by teachers. These small groups were given personal and individual attention by teachers, that is, mentors, who took on the responsibility of constantly monitoring their academic activities.This practice proved to be a great success as it ensured that the student academic performance was a collective responsibility. Every teacher was motivated to take care of his/her mentees, both in terms of academic development and personal/ individual development.

8.Future Plans of Actions for Next Academic Year

Continuing with the tradition of striving for excellence, the Academic Calendar would be prepared, as per the Academic Calendar of the Affiliating University with additional activity. This year, we plan to make the Academic Calendar more 'action-oriented', especially as per the needs of various Departments. More extension lectures, industrial interaction and industrial visits will be scheduled, so as to bridge the gap between classroom teaching and industrial requirements. Also, keeping in mind the high level of stress among youth, new activities would be planned for the mental well-being of the youth. More activities of Social Outreach would be organised like donation camps, blood donations, plantation drives, environment awareness events etc. Apart from increasing the activities in these regular areas, we at SVGDC plan to do the following additional things in the next academic session. 1. Start NSS in the institution: National Service Scheme (NSS), is the Governments ambitious scheme to inculcate the sense of service, nationalism and humanity among youth. Through this scheme we would sensitize the students to share their 'Not me but You' with people of the society. The process has been initiated, and the necessary formalities from university are likely to be completed soon. 2. Pre-Placement Activities: We are planning to conduct a large number of pre-placement activities for the final year students of various courses, so as to help them optimally utilise the benefits of placement opportunities. This is being initiated on basis of feedback received from various stakeholders. 3. Course Management: To implement the curriculum in a more effective manner, it is planned to follow new

formats for lesson plan and evaluation. These have already been circulated to faculty members. Also progression of each student will be tracked to cater to individual differences. 4. Recycle-Reuse-Reduce: Keeping in mind the environment being harmed unnecessarily because of use of paper for reporting and record keeping, we at SVGDC would like to initiate the triple R solution for various processes. The aim is to move towards paperless office, for which we would identify various processes which can be made completely paperless in the first stage. Adding more processes to have a seamless system with minimum use of paper and hence contribute towards protecting tress and saving the earth.
