

The Institution has adequate facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

In order to create and enhance the infrastructure that facilitates effective teaching and learning, policies are framed according to the strength of students in different streams. The strategy is to enhance infrastructure parallel to expanding curricular and extracurricular areas. Infrastructure policy has two components: The infrastructural enhancement is liberally funded on need base and on the availability of the funds. Four Lecture halls are equipped with interactive smart boards and LCD facilities. College has appointed a committee for infrastructure and learning resources involving senior staff and student members. Oral Feedback is collected from the stakeholders viz students, teaching and non-teaching staff. Suggestion box is also kept for this purpose. Feedback is analyzed and action is initiated based on the outcome of the analysis. The campus provides user need based infrastructure viz, Hostel, Seminar Hall, Parking area, ladies restroom, Indoor Stadium and playground.
