

## DEPARTMENT OF ENGLISH

The history of the department dates back to the establishment of the college in 1982. Since its inception, the department has been striving to equip the students with the language skills required for communication and employment. It is the only department that has the privilege of contact with every student at the undergraduate level. The department focuses on the overall development of the students through Skill Development Lectures, LSRW skills, Communication skills, Employability skills, and Soft skills. The department also stresses upon inculcating human values, environmental responsibility, national consciousness, and global outlook among the students.
