

## Quality Initiatives

- conducting regular faculty development programs to teaching staff sending faculty to orientation courses and refresher courses conducted by HRDCs of various universities sending non teaching staff for orientation training programs to get updated in the skills
- The institution extends financial support to the teaching staff, in order to facilitate them to present papers in various national and international conferences.
- Several professional development/administrative training programmes have been organized by the institution for the teaching staff and also for the faculty members of other institutions.
- All the members of the teaching staff have attended the Refresher courses/Orientation courses conducted by various Universities to upgrade their professional knowledge
- Regular meetings of parent teacher will be conducted which resolves so many issues of parents and students regarding academics
- Personal counselling through mentor mentee system also resolves issues of carrier building and development in the areas of student interests.
- Parents grievances regarding infrastructure of college also addressed from time to time
